Hello Yury,

We have a couple of options for your 392 stroker kit. I can do a stock bore, an .005 over bore or an .020 over bore. Let me know if I can help you with your purchase and I will do my best to get you what you are looking for.

Thanks,

**Alex Jones**

**S1**=Hi guys, Going to purchase 392 stroker kit for my chrysler 300c 5.7. Is it obligatory to bore my engine block? Is there diameter difference between factory pistons in my engine and pistons in 392 stroker kit. Best regards, Yury
